KASJA

Kasja is the powerhouse vocalist of the Baltic underground scene, blending raw energy with an unforgettable presence. Whether she’s dominating the stage with her band or owning the studio, her rebel spirit and rock-and-roll attitude shine through every frame. She is the perfect mix of edgy style and natural beauty, making her the ultimate Muse for the modern age.

The studio shots utilize a minimalist gray backdrop paired with a high-gloss reflective glass surface to create a sharp, mirrored effect. The lighting is strategically placed to accentuate the model's curves and the smooth texture of the reflection, while the concert photos use warm stage lights and a shallow depth of field to capture the authentic, high-energy atmosphere of a live performance.

Domena – The Mistress of Desire

Domena is a sorceress who knows that true power is not only in spells, but in temptation. With a single glance she bends wills, with a quiet smile she awakens desires that men cannot control. Those who enter her chambers believe they seek magic — but soon discover they are the ones under her spell.

Her bath is where she gathers her strength, surrounded by candlelight and ancient stone. Warm water, velvet robes, and the silence of the old castle hide secrets that only Domena commands. Those who dare approach rarely leave unchanged.

The images highlight rich textures of stone, candlelight, velvet fabric, and soft water reflections, creating a dark fantasy atmosphere around the mysterious sorceress.
